***Allowable Subject Matter***

The following is a statement of reasons for the indication of allowable subject matter:

Regarding claims 1, 7, 10 and 13:

The primary reason for the allowance of claim 1, 7, 10 and 13 is the inclusion of the method steps of: deriving a difference between the first and second quotients to arrive at a first position value, wherein the position value translates to a first phase difference. It is this feature found in the claim, as it is claimed in the combination that has not been found, taught or suggested by the prior art of record, which makes this claim allowable over the prior art.

Claims 2-6 are allowed due to their dependency on claim 1.

Claims 8-9 are allowed due to their dependency on claim 7.

Claims 11-12 are allowed due to their dependency on claim 10.

Claims 14-15 are allowed due to their dependency on claim 13.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
